The Final Exodus: Deciphering the Book of Revelation Christine Paxson 2022-09-01 What is it about the Book of Revelation? Some treat it like a futuristic comic book. Some consider it is too complex to try to understand. Some worry about getting the interpretation wrong—or worse, on getting it right! Some read it trying to “break the code,” as if John wrote the book in a secret code expecting Christians to try and crack it. And then there are those who are terrified of the book and the images, so they just avoid it altogether. For them, ignorance is bliss. The Final Exodus is a theologically sound, scriptural approach to the Book of Revelation. Authors and podcasters Christine Paxson and Rose Spiller examine questions such as: * Where have we seen this before? * Is this passage meant to be taken literally, symbolically, or metaphorically? * Has this passage already been interpreted somewhere else in Scripture? * Does our conclusion of the passage line up with everything else in the Bible? * Is this passage telling us something new, or is it a picture of something already seen in the Old Testament or in other parts of the New Testament? Using the same careful and systematic exegesis that should be used for interpreting all books of the Bible, The Final Exodus brings clarity and understanding to a book that is often misinterpreted in chaotic and irresponsible ways.
