Making Contact Alan Steinfeld 2021-05-04 "I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced." —George Noory, host of Coast to Coast AM "We cannot separate the earth from its greater cosmic environment. What is needed is a new story and Alan Steinfeld's Making Contact is part of that story." —Deepak Chopra, Author, Total Meditation How can we prepare for an event that is literally beyond anything humanity has ever faced? Making Contact presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, Earthfiles reporter, Whitley Strieber best-selling author of Communion, Professor John E. Mack, former head of the Harvard Medical school of psychiatry and an alien abduction investigator, Darryl Anka internationally known for his communication with the extraterrestrial Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron expert on American presidents and UFOs, Drs. J.J. and Desiree Hurtak, globalists and founders of the worldwide organization, The Academy for Future Science, Caroline Cory, director of Superhuman and ET: Contact, Mary Rodwell, author of the New Human about star-seed children, Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld, contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the "new realities of extraterrestrial existence." At this critical juncture in the government's official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and "contact" experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the "preparation" of the greatest challenge to ever face humankind. Making Contact stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others.

Lost Secrets of the Gods Michael Pye 2014-07-21 Are there 10,000-year-old secret societies that still exist today? Was there a race of giants that once inhabited the Americas? Did ancient Egypt and ancient China have heretofore undiscovered ties? Lost Secrets of the Gods delves into these ancient mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved. Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they, and where did they come from? We now know that many ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last 100 years. Were The Iliad and The Odyssey really about an epic struggle in pre-Celtic Europe? What happened to the Persian army that completely disappeared from Egypt 2,500 years ago? Did the ancients know how to create psychic guard dogs to protect sacred sites? There is much more to history than what has officially been recorded. Lost Secrets of the Gods reveals startling truths and asks fascinating questions traditional historians have long ignored.

The UFO Invasion Kendrick Frazier 2023-10-17 UFOs and space aliens are visiting Earth?! Now it's time to get the facts! Did a "flying saucer" really crash near Roswell, New Mexico, in 1947, and have we been victims of a sinister government conspiracy to hide its alien occupants in a secret facility? Is there truth behind the swirled crops phenomenon? Have humans been abducted by aliens? In an effort to counter media misinformation The UFO Invasion offers definitive, behind-the-scenes accounts of each case of extraterrestrial visitations and paranormal claims. This fully documented look at sightings, encounters, the Roswell incident, "MJ-12" documents, crop circles, the "alien autopsy," and more will challenge, illuminate, anger and amuse. Included are revealing articles by Robert A. Baker, Robert E. Bartholomew, Joseph A. Bauer, William B. Blake, Robyn M. Dawes, C. Eugene Emery, Zen Faulkes, John F. Fischer, Kingston A. George, Jr., Philip J. Klass, Joe Nickell, James E. Oberg, Peter J. Reeve, Ian Ridpath, Robert Sheaffer, Armando Simon, Lloyd Stires, Trey Stokes, Dave Thomas, Richard L. Weaver (Col. USAF), Jeff Wells, and Robert P. Young. Also, SETI coordinator Thomas P. McDonough ponders searching for extraterrestrial intelligence.
