Australian Taxation, 3rd Edition John Bevacqua 2024-03-11 Now updated to reflect the changes to the 2023/2024 tax rates and the May 2023 budget, the text is concise and to the point, easy to digest and applied rather than legalistic. It aims to demystify legal jargon and legal technicality without sacrificing essential core legal knowledge and meaning. Importantly, it provides the requisite foundation for business students who intend to later undertake the professional programs of either CPA Australia or CA ANZ. This new edition discusses ethics and technology including cryptocurrency examples in every chapter. New features include more content on diversity and inclusion with a focus on indigenous content. Students can access both the print and digital formats, including animated work problems, practitioner videos, and questions with feedback in the eText.

Michael Allen's 2012 e-Learning Annual Michael W. Allen 2011-08-15 The field of e-learning continues to experience dramatic and turbulent growth. Over time, as technology has improved and the method's real capabilities have emerged, e-learning has gained widespread acceptance and is now the fastest growing sector of corporate learning. As in years past, Michael Allen's Annual offers a diverse and important collection that contains some of the most current insights and best practices that will help both educators and workplace learning leaders address issues of design and implementation, as well as strategy and culture. In addition, this new volume offers a diverse mix of content that spans the full spectrum of technology-based learning. Year after year, the Annual discusses emerging trends in social media; showcases e-learning innovation; presents contemporary- and best-practices; tackles big-picture, strategic issues; and provides a host of useful tips and techniques. Additional content is also available online. Praise for Michael Allen's 2012 e-Learning Annual "Michael Allen's Annual really is annual. Michael Allen has convinced e-learning's super-heroes to join forces to crush complacency, demolish dogma, rewrite rules, streamline strategies, and light a brighter future for e-learning. Warning: The accumulated wisdom and original thinking of this elite team of designers, practitioners, consultants, and researchers will leave you dissatisfied with your current e-learning efforts and aching to put their ideas into play." —William Horton, author, e-Learning by Design and consultant, William Horton Consulting "The real learning at conferences takes place in the hallways.
