A Scatter of Light Malinda Lo 2023-09-05 "Full of yearning, ponderances about art and what it means to be an artist, and self-revelation, *A Scatter of Light* has a simmering intensity that makes it hard to put down."—NPR An Instant New York Times Bestseller Last Night at the Telegraph Club author Malinda Lo returns to the Bay Area with another masterful queer coming-of-age story, this time set against the backdrop of the first major Supreme Court decisions legalizing gay marriage. Aria Tang West was looking forward to a summer on Martha's Vineyard with her best friends—one last round of sand and sun before college. But after a graduation party goes wrong, Aria's parents exile her to California to stay with her grandmother, artist Joan West. Aria expects boredom, but what she finds is Steph Nichols, her grandmother's gardener. Soon, Aria is second-guessing who she is and what she wants to be, and a summer that once seemed lost becomes unforgettable—for Aria, her family, and the working-class queer community Steph introduces her to. It's the kind of summer that changes a life forever. And almost sixty years after the end of Last Night at the Telegraph Club, *A Scatter of Light* also offers a glimpse into Lily and Kath's lives since 1955.

[Tales from High Hallack Volume Two](#) Andre Norton 2014-07-01 A rich anthology of short stories from the New York Times–bestselling author and legendary creator of the Witch World series. Each year, Garner's troupe makes its way to Ithkar Fair. The actors charm the crowd, winning applause and lavish reward, but none captures the audience's imagination like the yellow-eyed, silver-haired girl whose

performance conceals pain that few can understand. She is a Quintka—her coloring makes that plain—and yet even Garner, who has seen more of the world than anyone, can't unlock the secrets of her unknown father, who left her mother to sacrifice herself to save the child. As she passes her seventeenth birthday, the mystery of her past drives her into danger, as she fights to find answers that no mortal should possess. "Swamp Dweller" is a classic Andre Norton story: lush, thrilling, and impossible to put down. Like the others in this invaluable volume, it is more than mere escapism—it is an entrancing look into another world.

Everybody Olivia Laing 2021-05-04 "Astute and consistently surprising critic" (NPR) Olivia Laing investigates the body and its discontents through the great freedom movements of the

twentieth century. The body is a source of pleasure and of pain, at once hopelessly vulnerable and radiant with power. In her ambitious, brilliant sixth book, Olivia Laing charts an electrifying course through the long struggle for bodily freedom, using the life of the renegade psychoanalyst Wilhelm Reich to explore gay rights and sexual liberation, feminism, and the civil rights movement. Drawing on her own experiences in protest and alternative medicine, and traveling from Weimar Berlin to the prisons of McCarthy-era America, Laing grapples with some of the most significant and complicated figures of the past century—among them Nina Simone, Christopher Isherwood, Andrea Dworkin, Sigmund Freud, Susan Sontag, and Malcolm X. Despite its many burdens, the body remains a source of power, even in an era as technologized and automated as our own. Arriving at a moment in which basic bodily rights are once again imperiled, *Everybody* is an investigation into the forces arranged against freedom and a celebration of how ordinary human bodies can resist oppression and reshape the world.
