## **Directory of Distance Learning Opportunities**

Modoc Press, Inc. 2003-02-28  
This book provides an overview  
of current K-12 courses and  
programs offered in the United  
States as correspondence  
study, or via such electronic  
delivery systems as satellite,  
cable, or the Internet. The  
Directory includes over 6,000  
courses offered by 154  
institutions or distance  
learning consortium members.  
Following an introduction that  
describes existing practices  
and delivery methods, the  
Directory offers three indexes:  
• Subject Index of Courses  
Offered, by Level • Course  
Level Index • Geographic Index  
All information was supplied by  
the institutions. Entries include

current contact information, a  
description of the institution  
and the courses offered, grade  
level and admission  
information, tuition and fee  
information, enrollment  
periods, delivery information,  
equipment requirements,  
credit and grading information,  
library services, and  
accreditation.

*Handbook of child psychology*  
William Damon 2006 This book  
is part of a 4 volume set that  
reflects current understanding  
of child psychology. Focusing  
on the concerns of a new  
century and now in its 6th  
edition the series is the  
definitive child psychologist's  
guide and reference work.

*International Encyclopedia of  
Education* 2009-04-17 The field  
of education has experienced  
extraordinary technological,  
societal, and institutional  
change in recent years, making  
it one of the most fascinating

yet complex fields of study in social science. Unequaled in its combination of authoritative scholarship and comprehensive coverage, International Encyclopedia of Education, Third Edition succeeds two highly successful previous editions (1985, 1994) in aiming to encapsulate research in this vibrant field for the twenty-first century reader. Under development for five years, this work encompasses over 1,000 articles across 24 individual areas of coverage, and is expected to become the dominant resource in the field. Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines, and this new edition comprehensively matches this diversity. The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework, with 1,500 contributors representing over 100 countries, capturing a complete portrait of this

evolving field. A totally new work, revamped with a wholly new editorial board, structure and brand-new list of meta-sections and articles Developed by an international panel of editors and authors drawn from senior academia Web-enhanced with supplementary multimedia audio and video files, hotlinked to relevant references and sources for further study Incorporates ca. 1,350 articles, with timely coverage of such topics as technology and learning, demography and social change, globalization, and adult learning, to name a few Offers two content delivery options - print and online - the latter of which provides anytime, anywhere access for multiple users and superior search functionality via ScienceDirect, as well as multimedia content, including audio and video files *Technology, Instruction, Cognition, and Learning 2004*
