My Chem Book (Class-12)

Prof. Dr. C. Lingaraj

2025-07-18 My Chem Book is a one-stop solution for Class 12 Chemistry, covering the CBSE, NEET, and JEE syllabi. Based entirely on the NCERT framework, it features concept based explanations, previous year and NCERT questions, and exam-focused practice material. The book is designed to strengthen core fundamentals and build strong application skills, making Chemistry clear, effective, and approachable. Even students without a strong base can study confidently, as each chapter progresses step-by-step from basic concepts to advanced competitive-level understanding. The content is

crafted from real classroom experience and addresses the actual difficulties students face. Many students struggle in Chemistry not due to lack of effort, but because of weak fundamentals, which prevents them from understanding concepts and applying them in problem-solving. This often results in low scores. My Chem Book is written with this in mind. It simplifies each topic from the ground up and guides students in mastering both theory and application. With the right study material and consistent involvement, every student can succeed. This book bridges the gap between textbook learning and true conceptual clarity. By eliminating the need to refer to multiple books, it saves time, reduces confusion, and acts as an exam-saver for students. By turning complex concepts into simple, memorable ones, My Chem Book empowers learners to study smart, understand deeply, and perform with confidence.
