Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters.

**There is Always a Reason to Dance** Barbara Coupe 2013-06-27  
We were blessed to grow up in Roman Catholic families, and were married in the Church in 1960. Barb gave birth to six children during the next ten years. During this time, we made eight physical household moves, four of the relocations were made with newborn babies in tow! In 1974, we made the difficult decision to leave the Catholic Church, and have been actively involved in Bible Churches ever since. Who would believe our schedule? We participated in every type of volunteer service available, including: basketball and soccer coach, Girl Scout leader, Sunday school teachers, and always time for family dinners. Barb was a stay-at-home mom, and eventually achieved an Interior Design degree. I worked for one employer for almost 50 years, which included five different companies, and positions from Apprentice to Director. Now comes our together time. In 1985, Barb started to accompany me on business travel trips. We have traveled extensively: Europe, Canada, Alaska, Mexico, Caribbean, China, Russia and South Africa. Along the way, we have owned 36 automobiles, one truck and one motorcycle. Please come along for the ride of our lifetimes; we hope that you will enjoy it half as much as we have!

Lemon-Aid New and Used Cars and Trucks 1990-2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than 42 years, pulls no punches.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago You can save \$2,000 by cutting freight fees and "administrative" charges Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki
