The Blue Tit Martyn Stenning

2018-02-22 Sporting a mix of blue, yellow, white, green and black, the unmistakable Blue Tit reflects the colours of a planet affected by a burgeoning human population. Fortunately, Blue Tits are adapting well to modern humanity, taking advantage of our propensity to feed birds in our gardens and provide boxes for them to nest in. In turn, this feisty little species provides an excellent model for biological research. This book is the result of a personal quest by author Martyn Stenning to bring together a range of discoveries into one accessible volume. The Blue Tit begins by inviting readers into the intimate lives of these birds as they attempt to reproduce, describing the many challenges they face when rearing their offspring. The story moves on to the fluid state of Blue Tit classification across the native Palearctic range, before progressing into population

structure, lifetime ecology and an exploration of factors that determine breeding success. It culminates with an in-depth look at research over the years, followed by a selection of personal anecdotes and an overview of Blue Tit appearances in folklore and poetry. This book provides a definitive record of the biology and ecology of one of our most popular, intelligent and charismatic birds.

Cancer Talk Selma R.

Schimmel 2010-04-21 For the first time, Cancer Talk provides a support group in a book. Research shows that cancer patients who attend support groups can survive longer and lead fuller lives than patients receiving medical treatment alone. Cancer Talk, based on "The Group Room®," the nation's only talk-radio cancer support show, brings hope, information, and inspiration to everyone affected by cancer. Show host Selma Schimmel, a cancer advocate and longtime survivor, has gathered the voices of cancer patients and survivors, family and friends, physicians, therapists, and other healthcare professionals to create an invaluable guide to help you: Deal with the wide range of emotions a cancer diagnosis provokes Cope with relationships, intimacy, and physical changes Optimize the doctor-patient relationship and

Counselling for Depression

Pete Sanders 2014-03-30 This is the first book to take a humanistic - person-centred/experiential - approach to counselling to the most commonly presenting client issue, depression. A landmark text, it establishes humanistic counselling as an evidence-based psychological intervention and is essential reading for trainees wishing to

work in public health settings. Chapters cover: · Evidence-based practice and person-centred and experiential therapies · Counselling for Depression competence framework · Working briefly · the Counselling for Depression therapeutic stance · In-depth case studies illustrating Counselling for Depression in practice · Training, Supervision and Research. The book further includes lists of CfD competences, research data supporting the approach, and sources used in developing the Humanistic Competence Framework This will be vital reading for those taking CfD training or a humanistic counselling and psychotherapy course, as well as for those already working within the NHS wishing to enhance their practice. Andy Hill is an accredited counsellor, an experienced trainer and Head of Research at the British Association for Counselling and Psychotherapy. Pete Sanders is retired person-centred therapist, who now acts as a trainer, with a special
