Literacy and Learning in the Content Areas Sharon Kane
2017-07-05 The 3rd Edition of *Literacy & Learning in the Content Areas* helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also

learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content, communities, and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

The Giver Study Guide CD-ROM 315cd 2011-03-16 Jonas's community is a perfect society. There is no pain or hunger, everyone is provided for, and there are no problems. A set of Rules governs everything from the formation of families, to standards for behavior, to the age at which a child receives his bicycle. Jonas is an Eleven,

and like all other members of his age group, he will soon take part in the Ceremony of Twelve, in which he is assigned to a particular job for the rest of his life in the community. Jonas is nervous about the coming ceremony. He has no idea what his Assignment, chosen for him by the Committee of Elders, will be. But Jonas is unique in the community, and in recognition of his uniqueness Jonas is chosen to be the next Receiver of Memory, the most important member of the Committee of Elders. The current Receiver of Memory is an elderly man who takes Jonas under his wing and begins to teach him about his new Assignment. The Receiver of Memory is the only member of the community who can recall the past, before the community adopted "sameness" as a solution to its problems. During their times together, the elderly man becomes the Giver, passing on the memories and the knowledge Jonas will need in order to gain the wisdom necessary to lead the

community. Jonas discovers that the community has not only removed sadness and pain but also joy and love. Soon Jonas discovers more secrets, including the terrible policies his community has adopted to keep everything running smoothly. Together, he and the Giver devise a plan by which the community will be forced to face the past it has forgotten - the joys and the sorrows together. Interactive CD-rom.
