EBOOK: Auditing and Assurance Services Cornelia Crous 2012-03-16 *Auditing & Assurance Services, First South African Edition*, combines a genuine international perspective with South African examples and coverage of the landmark changes within the South African auditing environment. Key features include: South African content - The authors weave regionally specific content and examples throughout the text and cover the changes to the regulatory and corporate governance environment in South Africa. International perspective - Professional practice and regulation all over the world is driven by international events and initiatives. The clarified ISAs are fully integrated into the chapters with international real-world cases used to illustrate concepts and application. Systematic approach - The text gives students a deep understanding and working knowledge of fundamental auditing concepts and how they are applied. The core foundation of the text and its focus on critical judgements and decision-making processes prepare students for today's complex and dynamic audit environment. Student engagement - A student-friendly writing style and a variety of real-life examples make the text easily accessible. Each chapter ends with a comprehensive variety of materials to apply and test students' understanding of acquired knowledge.
