One Spot Popular Reporter 1960

One Tough Dame Herbie J Pilato 2024-09-16 *One Tough Dame: The Life and Career of Diana Rigg* offers a sweeping portrait of the revered performer's life and career. Deemed a Dame Commander of the Order of the British Empire in 1994, Diana Rigg (1938–2020) initially found fame as super sleuth Mrs. Emma Peel in the 1960s BBC/ABC-TV espionage series *The Avengers*. A classically trained and multi-award-winning thespian, Rigg is known for her diverse body of work — from her big-screen debut in 1969 as Countess Teresa di Vincenzo, wife of James Bond in *On Her Majesty's Secret Service*, to her Tony Award-winning, leading role in *Medea* on Broadway, culminating with her Emmy-nominated portrayal as Lady Olenna Tyrell on the heralded small-screen gem *Game of Thrones*. This eclectic volume traces Rigg's career as a renowned star of television, film, and the stage. The author includes insights from rare, archived interviews, encompassing both video dialogues conducted by the University of Kent and Oxford Union. The meticulously curated archival material is further complemented by equally rare photos and retrospections drawn from diverse media sources and hitherto unpublished accounts from the people who knew Rigg best, affording readers an unprecedented, all-encompassing glimpse into her private world. With exclusive commentary from Rupert Macnee (son of *Riggs*'s *Avengers* costar and dear friend Patrick Macnee); the show's stunt coordinator/director Ray Austin; actors Samuel West, Bernie Kopell, Barbara Barrie, Juliet Mills, John Schuck, and Damon Evans; director Bruce Beresford; and documentarian David Naylor, among others, *One Tough Dame* delivers an in-depth perspective of a beloved, brave, brilliant, and trailblazing actor.

Maori Television Jo Smith 2016-11-21

Established in 2004, Maori Television has had a major impact on the New Zealand broadcasting landscape. But over the past year or so, the politics of Maori Television have been brought to the foreground of public consciousness, with

other media outlets tracking Maori Television's search for a new CEO, allegations of editorial intervention and arguments over news reporting approaches to Te Kohanga Reo National Trust. Based on a Marsden Grant and three years of interviews with key stakeholders – staff, the Board, other media, politicians, funders and viewers – this is a deep account of Maori Television in its first ten years. Jo Smith argues that today's arguments must be understood within a broader context shaped by non-Maori interests. Can a Maori broadcaster follow both tikanga and the Broadcasting Standards Authority? Is it simply telling the news in Maori, or broadcasting the news with a Maori perspective? How can it support te reo Maori at the same time as appeal to all New Zealand? How does it function as the voice of its Maori stakeholders? Offering five frameworks to address the challenges of a Maori organisation working within a wider non-Maori context, this is a solidly researched examination of Maori Television's unique contribution to the media cultures of Aotearoa New Zealand.

Trigger Leo Pando 2019-03-11 Roy Rogers' golden palomino, Trigger, was the perhaps the most famous horse in film--more popular than the man himself among certain fans. In its expanded second edition, this detailed look at the animals and men who created the legend of "the smartest horse in the movies" examines the life story of the original Trigger--and his doubles, particularly Little Trigger, the extraordinary trick horse. Movies in which Trigger appeared without Rogers are discussed. More than 200 photographs (90 new to this edition) and 30,000 words of additional material are included, covering unresolved aspects of Trigger's story, controversies surrounding the sale of the Roy Roger's Museum collection and the fate of his legacy.

Musicmakers of Network Radio Jim Cox

2014-01-10 Before television, radio was the sole source of simultaneous mass entertainment in America. The medium served as launching pad for the careers of countless future stars of stage and screen. Singers and conductors became legends by offering musical entertainment directly to Americans in their homes, vehicles, and places of work and play. This volume presents biographies of 24 renowned performers who spent a significant portion of their careers in front of a radio microphone. Profiles of individuals like Steve Allen, Rosemary Clooney, Bob Crosby, Johnny Desmond, Jo Stafford, and Percy Faith, along with groups such as the Ink Spots and the King's Men, reveal the private lives behind the public personas and bring to life the icons and ambiance of a bygone era.

Sports and Their Fans Kevin G. Quinn

2014-01-10 Though Americans spend more than

\$25 billion a year on sports and sporting events, this book argues that the influence of sports on our lives is even more profound than this huge figure would seem to suggest. Exploring such topics as the role of sports in the creation of mass culture, cheating, the abuse of illegal drugs, the strange and fascinating role that numbers play in sporting events, and the future of spectator sport, this book surveys the outsized impact that sports have on American culture. The author draws from new work in such fields as history, economics, politics, sociology, psychology, and ethics to support his claims.
