Pass the Numerical Reasoning Test with Ease

Vali Nasser 2013-10-06 This is the second edition of 'Pass the Numerical Reasoning Test with Ease'. It has additional material in number work and algebra as well as a chapter on Probability. This book will be very helpful if you need to pass the intermediate or the advanced numerical reasoning tests. Although the first two chapters are easy, it reminds you of fast methods in working out arithmetical problems - working with speed is critical in these tests! Chapter 3 onwards progresses to percentages, ratios, proportions, number sequences, data interpretation type questions and probability. Finally, it includes 6 practice tests with answers and detailed explanations. About the Author The author of this book has experience in both consultancy work and teaching. The author's initial book 'Speed Mathematics Using the Vedic System' has a significant following and has been translated into Japanese and Chinese as well as German. In addition, his book 'Pass the QTS Numeracy test with ease' is very popular with teacher trainees. Besides being a specialist mathematics teacher the author also has a degree in psychology. This has enabled him to work as an organizational development consultant giving him exposure to psychometric testing particularly applicable to numerical reasoning. He hopes that this second edition of 'Pass the Numerical reasoning Test with Ease' will help those aspiring to pass the intermediate as well as advanced numeracy tests when applying for jobs in various sectors of the economy.

Pass the Numerical Reasoning Test with Ease

Vali Nasser 2013-05-01 This book is aimed at helping you pass the intermediate and advanced numerical reasoning tests that many companies now require. It is suitable for new or experienced graduates wanting to progress in their professional careers. If you feel that you need to improve your speed in Mental Arithmetic and re-visit some areas in general arithmetic as well as data interpretation then this book will prove very useful to you. It will be particularly

helpful if you do not feel very confident in maths, or did your maths a long time ago. This book starts from basic number work using speed methods and progresses to percentages, ratios, proportions, number sequences and multiple choice questions that are usually found in the data interpretation type questions. There are also examples in solving 'word' problems needing knowledge of basic algebra. It includes 5 practice tests with answers and detailed explanations. Finally, some enhancements have been made in February, 2014. The author's initial book 'Speed Mathematics Using the Vedic System' has a significant following and has been translated into Japanese and Chinese as well as German. In addition, his book 'Pass the QTS Numeracy test with ease' is very popular with teacher trainees. Besides being a specialist mathematics teacher the author also has a degree in psychology. This has enabled him to work as an organizational development consultant giving him exposure to psychometric testing particularly applicable to numerical reasoning. He hopes that his new book 'Pass the Numerical reasoning Test with Ease' will help those aspiring to pass basic, intermediate as well as advanced numeracy tests when applying for jobs in various sectors of the economy.

How to Succeed in EPSO Numerical Reasoning Tests, Volume 2 Jose Maria Franco Reverte

2019-12-21 This book will help you to prepare numerical reasoning tests for any competition or selection procedure, especially to work in the EU institutions - EPSO Administrators (AD), Assistants (AST), and calls for contract agents (CAST). This is the second volume in our numerical reasoning tests collection, but can be used independently. The book includes an explanation of our method to solve these exercises, many tips, recommendations, and shortcuts, as well as a review of basic mathematical properties, operating with fractions and percentage variations. We will also study in depth a series of 15 sample exercises, very similar to the ones that you are going to find in the real exam, guiding you step-by-step along the process that will allow you to get to the right answer of every question in the fastest and easiest possible way. The author is an economist and successful candidate in the reasoning tests of the highly competitive EPSO AD cycle (generalists and Audit profiles) and the EPSO CAST Administration/HR FG IV, being an

official at the public administration in Spain and having held several positions as a head of unit from 2009 to the present. He has also worked as a national expert at the European Commission, provided training to civil servants, coached many candidates for open competitions and several EPSO CAST profiles, and written books for this purpose.
