Document-Based Assessment Activities Marc Pioch 2020-03-02 Today's students need to know how to evaluate sources and use evidence to support their conclusions. This K-12 resource for teachers provides instructional support as well as a variety of learning opportunities for students. Through the activities in this book, students will ask and answer compelling questions, analyze primary sources, approach learning through an inquiry lens, and hone their historical thinking skills. The lessons teach skills and strategies for analyzing historical documents, partnered with document-based assessments. Graphic organizer templates help students structure their analyses. This resource written by Marc Pioch and Jodene Smith prepares students for standardized tests and

engages students with inquiry. The scaffolded approach to teaching analysis skills can be applied across grades K-12.

Using Primary Sources in the Classroom

Kathleen Vest 2005-05-13 Developed by social studies specialists, this resource helps teachers turn classrooms into primary source learning environments. This engaging book offers effective, creative strategies for integrating primary source materials and providing cross-curricular ideas. This resource is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills.

The Key to Understanding Global History James Killoran 2007 With this book as your guide, you should find [global history] examinations less difficult and maybe even fun to take ... The focus of [this book] is on teaching you how to answer every type of question ... The first part of the book provides test-taking strategies to help make you "test-wise." ... The second part of the book provides eight content reviews that summarize the main developments of global history. There is also an opening chapter that provides some special tools you will need for understanding global history, and a closing chapter on current global concerns. [Finally],
