Animation Craft Jonathan Annand 2025-05-29 This book is for those who want to learn the craft or mechanics of animation, how to actually animate a scene from start to finish, or take their animation to the next level. Using over 600 examples, this book

answers the questions about the craft of animation that are often not taught in schools or books. Each chapter contains step-by-step examples explaining the principles of animation and how to avoid common problems that occur when animating. This book also teaches you how to critique an animated scene objectively, rather than subjectively — then fix what's wrong with it.

Animation Craft for 3D and 2D Animators will be a great resource for any beginner looking to learn the fundamentals of animation, or more experienced animators looking to hone their craft.

Essential Expositions of the Psalms Saint Augustine

2018-09-14 Essential

Expositions of the Psalms is a collection distilled from the 6-volume set in the Works of Saint Augustine. As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo.

death, Shelley feels no more adjusted to being a widow than she did that first terrible day. That is, until the doorbell rings. Standing on her front step is a young man who looks so much like Max--same smile, same eyes, same age, same adorable bump in his nose--he could be Max's long-lost relation. He introduces himself as Paolo, an Italian editor of American coffee table books, and shows Shelley some childhood photos. Paolo tells her that the man in the photos, the bearded man who Paolo says is his grandfather though he never seems to age, is Max. Her Max. And he is alive and well. As outrageous as Paolo's claims seem--how could her husband be alive? And if he is, why hasn't he looked her up?--Shelley desperately wants to know the truth. She and Paolo jet across the globe to track Max down--if it is really Max. Along the way, Shelley recounts the European package tour where they had met. As she relives Max's stories of bloody Parisian barricades, medieval Austrian kitchens,

and buried Roman boathouses, Shelley begins to piece together the story of who her husband was and what these new revelations mean for her "happily ever after." And as she and Paolo get closer to the truth, Shelley discovers that not all stories end where they are supposed to.
