You will not only succeed in lowering your cost of living but you will also start a new adventure and contribute to conservation in the process. Quite the opposite of being dreary, meeting the challenge of living on less can provide enormous satisfaction—an unexpected bonus. Few of us will ever meet and conquer momentous challenges. Few will ever stop a bank robbery, shoot the rapids of the Amazon, or climb Mount Everest. But the determined can gain their own kind of satisfaction by conquering challenges that chop away at ever-declining purchase power.

For a Greater Good: The Tom Swann Story Thomas A. Swann 2025-10-10 I wrote this book because you and I both need some inspiration from time to time in a tough world. I came out of the closet in 1992 as a gay Marine Corps veteran and civilian worker with a secret clearance for the Department of the Navy. I was assaulted and faced discrimination and retaliation from Navy officials. I was living with advanced AIDS. I suffered and persevered while the ACLU represented me in litigation against the Navy. I am the last federal employee to have his access to classified information challenged by the government based on being a member of the LGBTQ+ community. Our historic successful ACLU litigation against the Navy prompted the Navy Secretary to add sexual orientation protection to the Equal Employment Opportunity (EEO) policy for all civilian employees. The Navy added this protection more than four years before the other branches of the military. Now DEI and the EEOC are being shut down, and we seem to be going backwards. My story will shed light on how difficult work was before DEI and why these programs are so vital for our nation. The fact that the ACLU and I accomplished this is inspiring. It means you can persevere through adversity and your hopes can be fulfilled. First, have faith in a higher power, and second, believe in the person you see when you stand in front of a mirror. You must never give up hope or give in to discrimination.
