Four unique primary source sets, reading guides, and essential/compelling questions for students are provided that encourage inquiry learning and the development of critical literacy skills aligned with the Common Core Standards for Literacy and the College, Career, and Civic Life (C3) Framework for Social Studies State Standards. Each themed chapter includes suggestions for extending each theme to current events, the local community through placed-based education, and across content areas for interdisciplinary instruction. The final chapter provides guidance on how to research additional historical themes, locate relevant primary sources, and prepare themed lessons and units.

*A Leader's Guide to Science Curriculum Topic Study* Susan Mundry 2009-11-24 The Curriculum Topic Study (CTS) process, funded by the US National Science Foundation, helps teachers improve their practice by linking standards and research to content, curriculum, instruction, and assessment. Key to the core book Science Curriculum Topic Study, this resource helps science professional development leaders and teacher educators understand the CTS approach and how to design, lead, and apply CTS in a variety of settings that support teachers as learners. The authors provide everything needed to facilitate the CTS process, including: a solid foundation in the CTS framework; multiple designs for half-day and full-day workshops, professional learning communities, and one-on-one instructional coaching; facilitation, group processing, and materials management strategies; and a CD-ROM with handouts, PowerPoint slides, and templates. By bringing CTS into schools and other professional development settings, science leaders can enhance their teachers' knowledge of content, improve teaching practices, and have a positive impact on student learning.
