AIR WARFARE MISSILE AG ED 2E Nordeen Lon O 2002-09-17 Lon O. Nordeen has completely updated his 1985 chronicle of military aviation's evolving role in warfare, now covering the major conflicts of the past four decades. He presents the historical and political background of each conflict and includes in-depth discussions of the aircraft, weapons, tactics, training, new systems, and other factors that influenced the outcome of each war. New and existing chapters have been enhanced with information based on recently declassified material--especially regarding Vietnam--and new sources in Egypt, Israel, and the former Soviet Union. As "smart" bombs have become more successful in reducing the risks for pilots and frontline troops, air-missile warfare

has become the central player in military conflicts. "Air Warfare in the Missile Age, Second Edition, " is a valuable resource for understanding the evolution of modern air warfare. "From the Trade Paperback edition."
