Each of these poetic forms has its own chapter featuring five poems with applications for both reading and writing classrooms. Reading connections present skills and strategies to move students forward as readers, helping them to build fluency, vocabulary, comprehension, phonemic awareness, and phonics. Writing connections help students and teachers discover their own voices and grow as poets and wordsmiths as they try out many poetic forms. Poems help students at all grade levels learn to better address complex reading texts, offering them a chance to dig deeper and use higher-order thinking skills. Additionally, Your Turn writing lessons provide a scaffold for seamlessly moving from modeling to the shared or guided experience and the transfer to independent work. The Treasure Chest offers a brief annotation of the poems discussed in each chapter as well as companion pieces that extend and enhance the work of the reading and writing classroom."--Publisher's description.
