Genie Arabic Alphabet for Kids **Alif Baa Taa Book 1** Sami Muslim Ramadan 2020-08-31 Learn Arabic Alphabet for Kids Genie Arabic writing and practice workbook is an educational resource for preschool and kindergarten children aged 3-5 in the American and international systems. The book is a useful resource for any Arabic school. Genie Arabic letters for kids will be in particular helpful for teaching and learning Arabic for beginners of all ages, particularly learners who do not necessarily live with a native speaker. Start with Genie to write and learn to speak Arabic Paged from right to left, written in the isolated form and printed on a large scale, Genie is your gateway to Arabic Hijaa'. Inside the book, Arabic alphabet letters are represented with Start/Stop markers to facilitate fingertip and pen control tracing in one stroke from the circle shape to the square. All the Arabic alphabet pages are framable and ready for lamination uses with dry/erase markers. All fonts developed to suit modern standard Arabic. Before you start using this workbook, there are several general points to be mentioned: - The Arabic language is written from right to left (opposite of English.) Therefore, we set the pages in the classical Arabic order to help learners in getting used to this critical writing habit. We think it is the best way to learn Arabic for kids. For this reason, Genie contains an extra cover in Arabic. - The Arabic script is either joined or cursive. This volume contains isolated Arabic letters without vowels, which is the first step to learn the Arabic language. The letter alif is soundless and used to express the long vowel 'aa' and also as a support for the "hamza" sign. - The Arabic language does not contain capital letters. The Arabic letters are written in slightly different forms, depending on whether they come at the beginning, middle, or end of a word. For your learning practice curve, this volume milestone step starts with isolated letters. Arabic Language Sound Transcription This workbook includes guided sound pronunciation suitable for native English speakers. However, we advise looking for letters sounds over the internet, especially for authentic Arabic letters pronunciation. What to Expect from Genie Arabic Writing Workbook? This practice workbook will help the user to learn and write isolated Fusha Arabic letters, whether they work alone or with an Arabic teacher. Genie Students take advantage of the Arabic alphabet in English transcription. Once you have mastered these concepts, you will be ready to move up to the next practice level. (Beginning, Middle, and End word letters with complete vowels and sight words). Dr. Sami Muslim Ramadan
