**Leifer's Introduction to Maternity & Pediatric Nursing in Canada - E-Book** Lisa Keenan-Lindsay 2023-09-23

Gain a solid foundation in Canadian maternity and pediatric nursing! Written in a clear, concise, user-friendly style, Leifer's Introduction to Maternity and Pediatric Nursing in Canada, 2nd Edition, includes Canadian statistics, terminology, references, guidelines, resources, Canadian nursing best practices, assessments, and more! It's organized by developmental stages and includes discussions of pediatric disorders by body system from simple-to-complex and health-to-illness. With a rich focus on family health, this text contains review questions for certification exams, case studies, and numerous other helpful features to give you the tools you need to successfully care for patients within the Canadian social and institutional context.

**Introduction to Health Services Administration - E-Book** Elsevier

Inc 2017-10-23 Learn how to effectively manage both people and a practice as a health care administrator with Elsevier's Introduction to Health Services Administration. This comprehensive and easy-to-understand text includes an overview of health care delivery in the United States along with an exploration of each role and function of a health services administrator in an ambulatory care facility. From scheduling patients to managing the revenue cycle, you will learn about every aspect of workflow in addition to relevant issues that heavily influence health care practices today, like HIPPA, regulatory compliance, civil and criminal law, and more. This text also provides a wonderful overview of necessary skills such as how to use an electronic health record system and practice management software, how to budget for staff and equipment, how to manage inventory, how to manage risk, how to improve quality and performance in the practice, and how to best market the practice. If you're looking to become a successful health services administrator, this text is the critical first step. - UNIQUE! Comprehensive approach covers the role and functions of a health services administrator and applies them to an array of ambulatory care settings — from a traditional physician's office to a retail care clinic. - UNIQUE! Coverage of key PAHCOM and AAPC competencies help you prepare for the competencies on the CMM and CPPM credentialing exams. - UNIQUE! Case study scenarios are constructed around many different settings to provide a snapshot of professional life. - UNIQUE! Takeaway boxes highlight key points and important concepts. - Current Trends in Health Care boxes discuss methods, ideas, and newsworthy issues. - Take Learning to the Next Level boxes clarify the subjects being discussed with supplemental information. - Learning Checkpoints appear in each section to help you gauge your own learning successes at that point in the reading. - Review questions are tied to each learning objective. - More than 200 images illustrate difficult concepts and bring health services administration to life. - Key terms with definitions in the margins make it easy to identify and learn new vocabulary. - Answers to exercises in the text and review questions in the back of the book equip you for self-study.

Janatha R. Ashton 2005 This Workbook is a self-learning exercise companion to the ICD-9-CM Coding Handbook 2006, and it can be used as an ancillary text for classroom study. It contains hundreds of self-learning exercises based on real health records. The case summary style of the exercises requires the student to consider the patients condition as well as all relevant information provided: medical history, reason for admission or encounter, laboratory results, procedures performed, and

the diagnoses listed. In all exercises, student need to apply pertinent coding principles and official coding guidelines in making code assignments and designating the principal diagnosis and procedure for each episode of care in clean, technically correct language. Challenging practice drills test the users coding skills in a variety of realistic health care settings from the physician office to inpatient care. The Workbook is also available with a Answer Key Supplement ( ICD-9-CM Workbook for Beginning Coders 2006, With Answer Key 2005, 78 pages, 8 1/2" x 11", soft cover, ISBN 1-55648-327-9, AHA Order No. 148027, \$45.00).
