appliances, and food storage is much different. Despite cruising different oceans, we—Jan and Carolyn--both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore—and just sit and admire the view. We learned with the cookbooks we both had aboard, and wished for information that wasn't available--like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce or yogurt, we adapted recipes to make our own. Other times, we experimented with substituting ingredients--maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of "make it yourself" options. As we traded recipes and knowledge with each other, we realized we were compiling information that became The

Beef'n-Up Your Dinner Plate

Chef David L. Bishop

2013-06-29 While doing research for this book I was at the meat counter of a local grocery store when two ladies walked up and started to look for some steaks. They kept picking up and setting down selection after selection. One lady said to the other, There's just too many cuts with the name steak on them. I don't know which ones are good for grilling. Her friend said, This one looks good, but it's really thick. Picking up another selection she stated, This one is a lot thinner, but it's too big, I think we want individual steaks. One of the ladies asked if I worked there. I said, No but I can help you. I explained what steaks would be best for grilling and would give them a juicy tender steak. They left with their selection, looking forward to grilling great

steaks. Don't let the beef counter be a mystery to you anymore! Beef is an expensive part of your grocery budget. BEEFN-UP your Dinner Plate will give you the confidence to make a meat selection, and explore many new dishes.
