**Preserving Family Recipes**

Valerie J. Frey 2015-11-01

Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families' past, yet they can be problematic. Many family recipes and food traditions are never documented in written or

photographic form, existing only as unwritten know-how and lore that vanishes when a cook dies. Even when recipes are written down, they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish. Unfortunately, recipes are also often damaged as we plunk Grandma's handwritten cards on the countertop next to a steaming pot or a spattering mixer, shortening their lives. This book is a guide for gathering, adjusting, supplementing, and safely preserving family recipes and for interviewing relatives, collecting oral histories, and conducting kitchen visits to document family food traditions from the everyday to special occasions. It blends commonsense tips with sound archival principles, helping you achieve effective results while avoiding unnecessary pitfalls. Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges, as well as to working with recipes that are "orphans," surrogates, or terribly outdated. Whether you

simply want to save a few accurate recipes, help yesterday's foodways evolve so they are relevant for today's table, or create an extensive family cookbook, this guidebook will help you to savor your memories.

[The Boat Galley Cookbook: 800 Everyday Recipes and Essential Tips for Cooking Aboard](#) : 800 [Everyday Recipes and Essential Tips for Cooking Aboard](#)

Carolyn Shearlock 2012-09-14

No matter what anyone tells you, boat cooking IS different from cooking ashore. The space is smaller, there's no grocery store 5 minutes away, you have fewer prepared foods and electric appliances, and food storage is much different. Despite cruising different oceans, we—Jan and Carolyn—both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore—and just sit and admire the view. We learned with the cookbooks we both had aboard, and wished for information that wasn't

available--like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce or yogurt, we adapted recipes to make our own. Other times, we experimented with substituting ingredients-- maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of "make it yourself" options. As we traded recipes and knowledge with each other, we realized we were compiling information that became *The Boat Galley Cookbook: 800+ recipes made from readily-obtainable ingredients with hand utensils, including numerous choices to suit every taste: not just one cake but 20, 16 ways to prepare fish, 10 regional barbeque sauces, and so on. Step-by-step directions to give even "non-cooks" the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making*

yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly-caught fish and seafood, cutting up and boning meat, cooking in a Thermos and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny, moving kitchen. All this in an easy-to-navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter. Quick Reference Lists provide idea starters: suggestions of included recipes for such categories as Mexican, Asian, and Potluck. *The Boat Galley Cookbook* is designed to help you every step of the way. We hope it becomes a trusted reference on your boat, and a source of many enjoyable meals.

**The Boston Cooking-school Cook Book** Fannie Merritt Farmer 1930 "For many years

'The Boston Cooking-School Cook Book' has held its place as the cornerstone of the American library of cookery. During Miss Farmer's active years as teacher and pioneer in cooking, her work was constantly revised to include the newest methods and recipes as they were developed at her Boston school. The present revision was undertaken in the desire to continue this policy and thereby retain the confidence of the many women who look to Miss Farmer's book for sound guidance. Of recent years new vegetables, new fruits, and new salad greens have come into use, as well as new ways of preparing the ones formerly known. New equipment, such as mechanical refrigeration, pressure cookers, and the like, have suggested changes in method. New material has, therefore, been included in this 1930 edition to deal with these changes."--
