This book is a must read for anyone deploying BusinessObjects. It covers everything from planning your upgrade to the latest release, to best practices in universe design, and powerful report creation that maximizes business insight. This book covers the most frequently used

features for the full BI suite, in one comprehensive book. There's in depth coverage of Designer, security via the Central Management Console, InfoView, Web Intelligence, and Desktop Intelligence. It goes beyond step-by-step instructions to cover how and why in a business context. Transition notes are interspersed for version 5 and 6 customers to understand the biggest changes in XI Release 2. If you drive BI requirements in your company or are a data warehouse program manager, Business Objects administrator, report author or consumer, this book is for you.

Creating Documents with Business Objects XI-CBT Robert D. Schmidt 2007-03 This is a very powerful combination of the very successful Web Intelligence XI book and a Computer-Based Training (CBT) CD. The author has tried to make this CBT resemble his very effective training classes on Web Intelligence. After completing the CBT a student should be especially comfortable creating powerful and professional

Business Objects reports and documents.
