Mastering Writing at Greater Depth Adam Bushnell 2020-02-29 How do teachers identify the potential for greater depth writing and encourage children to meet their full potential? This book was created by people who are not only passionate about primary education, but who are also leading experts in their own particular areas. They have made use of their wide experience to offer practical guidance on greater depth writing, while underpinning this with theoretical understanding. We hope that reading this book helps you to reflect on what greater depth writing looks like and how you can encourage children to write at greater depth. You will find many suggestions for teaching lessons that encourage children to write at greater depth underpinned by theory.

The Grammar Book Zoë Paramour 2020-06-11 Shortlisted for Educational Book of the Year at the Education Resources Awards 2021. Everything you need to teach grammar in the primary classroom. What is the subjunctive mood? And when do you use a semi-colon? Are these questions that you, as a teacher, are afraid to ask? Cue this book! Written by two experienced teachers, The Grammar Book provides everything you need to teach grammar at primary level. Covering what you need to know as well as practical ideas to enliven your teaching, this book will make grammar fun and engaging - for both the pupils and for you too! Written in Zoë and Timothy Paramour's funny, frank and reassuring style, this definitive guide is all about the importance of teaching grammar as a tool for writing, not as an 'extra' and certainly not as a boring lesson. Instead, the ideas presented are linked to a range of National Curriculum units, with original short texts through which the teaching of grammar is used to support the delivery of the wider English curriculum and prepare children for Spelling, Punctuation and Grammar (SPaG) assessments. All teaching resources can also be downloaded from the companion website. Each chapter covers a different element of grammar and provides you with everything you need to know as well as teaching ideas, cross-curricular links and resources, making The Grammar Book a must-have resource for teaching primary grammar effectively in the classroom or as part of homeschooling.

Dear Diary 2022

Dear Diary Sara Fanelli 2001 An extraordinary fictional diary by a great picture book artist. There are seven different diaries in Dear Diary, each telling the events of one busy day from a different point of view. The first is straightforward enough; it is the account of a young girl called Lucy. She tells of her day at school, taking her dog Bubu for a walk in the park and her parents' party in the evening. The second diary is a little more curious - it is the journal of a chair overturned in the classroom. Next is Spider's Diary, followed by Firefly's Diary, Knife and Fork's Diary, Bubu's Diary and Ladybird's Diary. The book ends with a PS from Lucy. It was a good day, she concludes - and this book will surely receive a similar accolade from readers - young and old.
