Not to mention: How to create shared folders for group projects How to sync up multiple devices including phones and tablet How to add extra security with an external back-up As well as: How to overcome some of the most common Dropbox problems with simple, convenient and user friendly solutions.

Dropbox for Business and Everyday Life James Heer 2016-02-12 Dropbox for Business: Improving File and Folder Sharing With This App Dropbox for Business is a file-hosting app that allows its users to synchronize files and also do cloud storage. This app makes it easier for businesses and organizations to be able to send files within its members thus saving time when it comes to making emails to send progress reports, presentations and other important company documents. The app comes with a very simple dashboard that allows you to manage your files, create folders and add members. The thing is that using this particular app is very easy but if you want to make the most out of this app, it is crucial that you have the right guide to navigate this software. Thus, this is where this book comes in. With this book, you will be able to do the following: Understand the basics of Dropbox for Business. Chapter 1 will discuss about what you need to know about Dropbox and these include its features and the basic sharing schemes of strategies available for its users. Chapter 2, on the other hand, provides an in-depth discussion on how to get started with the app. This chapter will focus on tips on how to install the app on different devices, how to create and manage groups and how to share links and folders. This chapter will also discuss about how to connect different Dropbox accounts and also manage it as well. Lastly, Chapter 3 provides more tips on how to maximize the efficiency of Dropbox for Business. This chapter will discuss about how to synced files and

folders, how to move files in between accounts, how to save space on the hard drive, how to upload photos and how to set up a two-step verification password. The thing is that Dropbox for Business is a very reliable app as it allows you to save time sharing files and documents to other people. It simply automates file sharing.
