An Age of Accountability John L. Rury 2023-10-13 An Age of Accountability highlights the role of test-based accountability as a policy framework in American education from 1970 to 2020. For more than half a century, the quest to hold schools and educators accountable for academic achievement has relied almost exclusively on standardized assessment. The theory of change embedded in almost all test-based accountability programs held that assessment with stipulated consequences could lead to major improvements in schools. This was accomplished politically by proclaiming lofty goals of attaining universal proficiency and closing achievement gaps, which repeatedly failed to materialize. But even after very clear disappointments, no other policy framework has emerged to challenge its hegemony. The American public today has little confidence in institutions to improve the quality of goods and services they provide, especially in the public sector. As a consequence, many Americans continue to believe that accountability remains a vital necessity, even if educators and policy

scholars disagree.

Prealgebra K. Elayn Martin-Gay 2003-12 Elayn Martin-Gay believes "every" student can succeed and that is the motivating force behind her best-selling texts and acclaimed video program. With Martin-Gay you get 100% consistency in voice from text to video! "Prealgebra 5e" is appropriate for a 1-sem course in Prealgebra, and was written to help students effectively make the transition from arithmetic to algebra. To reach this goal, Martin-Gay introduces algebraic concepts early and repeats them as she treats traditional arithmetic topics, thus laying the groundwork for the next algebra course your students will take.

Reclaiming the Church Family Matthew T. Kimbrough 2022-01-20 Why bother with church? Can't I follow Jesus on my own? Christians young and old struggle to answer these questions, believing Scripture says little about church life. But the Bible is far from silent. The

New Testament envisions a vibrant church of devoted brothers and sisters adopted into God's family. The biblical image of the church family has the power to reshape everything our local churches do—the ways pastors lead, how members engage one another, what worship leaders sing, and much more. Now is the time to reclaim a biblical vision of the church as a family and reject the prevailing corporate-church paradigm assumed by church growth gurus. The church that thinks of itself as a family will learn to build meaningful relationships and show the unbelieving world how good church life can be.
