Kaplan Making the Grade 1999

Make Learning Fun and More Effective. The Making the Grade books published by SCORE! are excellent tools for you to help your child build the necessary skills and confidence to perform well in school and meet the tough, new academic standards enacted by many states. Using SCORE!'s motivational teaching methods, the books includes: * a thorough review of key 7th- and 8th-grade subjects * hundreds of skill-building activities * effective strategies to help improve test-taking abilities * tips on how you can positively affect your child's success in school * a special section from the test preparation experts at Kaplan on helping your child prepare for standardized tests Most

important, this unique book outlines how you can foster a lifelong love of learning in your child. Making the Grade: Grades 7-8 lays a solid foundation for future success in school -- and in life.

The Educator's Handbook for Understanding and Closing Achievement Gaps Joseph

Murphy 2010 'Beginning with a remarkably comprehensive and accessible analysis of the gap's causes, the book offers a refreshingly balanced, evidence-based, state-of-the-art outline of productive solutions that should inform the work of all educational stakeholders' - Ken Leithwood, Professor, OISE/University of Toronto 'No one is better positioned than

Joseph Murphy to provide lessons for education leaders on this important topic' - Andrew Porter, George and Diane Weiss Professor of Education , University of Pennsylvania 'For too long, the achievement gap has been proclaimed, discussed, and then dismissed as a subject of despair. Seldom has it been systematically defined, placed in historical perspective, or positively addressed. Through thorough scholarship, comprehensive knowledge, and creativity, this book fills that void' - James W. Guthrie, Patricia and Rodes Hart Professor of Educational Leadership and Public Policy, Vanderbilt University 'While offering no simple pathway to progress, this book reminds us how much more we can do to close achievement gaps' - Michael S. Knapp, Director Center for the Study of Teaching & Policy, University of Washington Distinguished researcher Joseph F. Murphy has gathered and analyzed the most up-to-date research and data to help headteachers

understand what the achievement gap is, why it persists, and what teachers can do about it. This comprehensive handbook: - Examines external factors that contribute to achievement gaps, such as socioeconomic status, family environment, racism, and individual differences - Covers internal factors such as instruction, school culture, and school support - Provides strategies for addressing both internal and external factors to make an impact.

resource to assess and manage student's understanding of concepts outlined in the Common Core State Standards Initiative. This resource is formatted into three sections: Diagnostic, Practice, and Assessment with multiple choice and open questions in each section. The material covered includes emphasis on representing and solving problems by developing fluency with addition and subtraction of fractions, and developing understanding of the multiplication of fractions and of division of fractions in limited cases (unit fractions divided by whole numbers and whole numbers divided by unit fractions); extending division to 2-digit divisors, integrating decimal fractions into the place value system and developing understanding of operations with decimals to hundredths, and developing fluency with whole number and decimal operations; and developing understanding of volume. These standards are covered extensively by the practice problems. This book contains

over 600 practice problems aligned to each Common Core State Standard. In addition the book contains an answer key to practice problems. Paperback: 226 double-sided pages
