**Science Assessment in the Service of Reform** Gerald Kulm 1991

Students in America don't measure up in science and mathematics, a problem especially critical in a society which is becoming increasingly technology-based. This authoritative examination of the problem presents useful material to make assessment a tool for the meaningful reform of school science. It also provides some basic guidelines for whatever system of assessment is used. Acidic paper. Annotation copyrighted by Book News, Inc., Portland, OR
