Study Guides for Apprentice Opticians

Shawn A Lessard 2020-08-24 A proven system that you've been using since you were a child! Remember all the fun you used to have learning in grade-school? You didn't have to read dozens of paragraphs in one sitting, write loads of notes, or be responsible for your own learning

plan. Most of the time, your teacher gave you fun activity sheets to assist your learning and make it enjoyable in the process. Workbooks for Apprentice Opticians brings the fun back into learning the way it used to be done in grade school. The student is given the opportunity to fulfill their self-guided learning by filling in the blanks, labeling diagrams and other exciting activities. All the while, testing their knowledge and learning new concepts along the way! These workbooks are aligned to the ABO and NACOR national Opticianry testing standards of America and Canada. They serve as a phenomenal study aid for those preparing themselves for a career in Opticianry.
