Reece's BIOLOGY remains

unsurpassed as the most

successful majors biology

textbook in the world. This text

has invited more than 4 million

students into the study of this

dynamic and essential

discipline. The authors have

restructured each chapter around a conceptual framework of five or six big ideas. An Overview draws students in and sets the stage for the rest of the chapter, each numbered Concept Head announces the beginning of a new concept, and Concept Check questions at the end of each chapter encourage students to assess their mastery of a given concept. & New Inquiry Figures focus students on the experimental process, and new Research Method Figures illustrate important techniques in biology. Each chapter ends with a Scientific Inquiry Question that asks students to apply scientific investigation skills to the content of the chapter.

Molecular Biology of the Cell 1996 MBC online publishes papers that describe and interpret results of original research concerning the molecular aspects of cell structure and function.
