Great are the Words of Isaiah: An Understandable Guide to Isaiah's

Monumental Message Monte S. Nyman

2023-02-02 The Savior himself has said, Great are the words of Isaiah. Such high praise has not been recorded for any other book of scripture or group of prophetic writings, yet many find Isaiah to be somewhat intimidating or difficult to understand, despite its importance. From his years of study and research, Monte S. Nyman has compiled a helpful LDS-based commentary that leads the reader through Isaiah section by section and topic by topic using verse-by-verse commentary drawn from the LDS Standard Works, the Joseph Smith Translation of the Bible, and the words of many prophets and apostles. Six detailed appendices give easy cross-references to materials quoted or paraphrased in other scriptures and expressions by church leaders concerning Isaiah, including, - The Authorship of Isaiah - Ancient and Modern Commentary on Isaiah - Isaiah in the Book of Mormon - Isaiah in the Doctrine and Covenants - Isaiah in the New Testament - The Prophet Joseph Smith and Isaiah A comprehensive and

valuable resource for the average student and the serious scholar, this book will help you understand and enjoy the book of Isaiah as a truly outstanding book of scripture.

Guide to College Reading Kathleen T. McWhorter 2002 "Guide to College Reading" focuses on the key areas of reading comprehension, vocabulary improvement, and textbook reading. Critical thinking and metacognition are hallmarks of the McWhorter series. Critical thinking is incorporated throughout the book in instruction, exercises, and readings. Metacognitive activities include teaching readers how to evaluate their own learning styles to increase their ability to read college-level material successfully. Exercises that ask readers to respond by writing sentences and paragraphs after reading help make the critical connection between these two activities. Numerous diagrams and drawings help readers visualize how reading material can be organized. High-interest photographs and artwork appeal to the visual learner. Chapter-ending readings give immediate practice for chapter skills and aid in transferring these skills to actual reading situations. Learning Style Tips reinforce material introduced earlier throughout the book and teach readers how to apply knowledge of their individual learning styles to learn new skills. For those interested in developing their reading skills at the 6th-9th grade level.
