The Life List Kate Christie 2023-03-21 How to start living your best life — a life by design The Life List: Master Every Moment and Live an Audacious Life is your guide to designing the next magnificent part of your life, starting today. An energising, honest, at times hilarious and at times devastating call to action, this is a transformational, life-is-for-living handbook. And it belongs in the hands of every woman who yearns to do something more spectacular! After turning 50, losing her former life partner to cancer and seeing her kids move on as young adults, Kate Christie was faced with the fact that life is too short. And it was time to do something about it. So Kate created the concept of a “life list”: A list of everything she wanted to do and be while she was still young enough to enjoy it. A list of abundant, joyful new discoveries and opportunities. Using her unique framework to inspire not only big goals but also real action, Kate shows you exactly how to design and implement your own life list. Why? Because it’s your turn. You are energetic, confident, comfortable in your skin, successful and ready for more. This is not a crisis: it’s a catalyst. With The Life List, you’ll learn how to: Find a new perspective, identify what matters most and celebrate with gratitude Set and smash incredible, life-changing goals Embrace life’s endless possibilities while you’re still young Master every moment, with simple steps for living in the now and planning your future Create and manifest momentous experiences in your everyday life It’s time to join the movement and do whatever the hell it is you want with the rest of your life. This is your life — by design. So live it big. Be audacious. The award winner for best General book at the Australian Business Book Awards

A Popular Criminology of Youth Justice Jessica Urwin 2024-12-19 Analysing the representation of youth crime and justice-involved children in popular fictional films, this book explores how what we see on screen contributes to the perceptions of youth justice in society, policy, and practice. Putting forward the argument that fictional representations have a real-world impact on the opportunities available to children, each chapter in the book focuses on a different genre or type of film and considers the ways in which justice-involved children have been demonised, stereotyped, and harmed by their portrayal on the big screen. From James Dean and the birth of “monstrous youth” in *Rebel Without A Cause* to the current, more nuanced portrayals as seen in *The Young Offenders*, the book examines films throughout history and across different cultures. In doing so, it demonstrates how portrayals of justice-involved children have contributed to the social understanding of what youth crime is and who is to blame for it, and highlights how we can use this knowledge to better understand and support children. By combining youth justice theory with media analysis, *A Popular Criminology of Youth Justice: Youth on Film* makes a novel contribution to both fields and will be of great interest to students and researchers in the areas of youth crime, youth justice, and the media.
