TIME For Kids: Practicing for Success:

STAAR Mathematics: Grade 5 2017-12 Help students build their conceptual knowledge and prepare for the STAAR Mathematics test through higher-level thinking problems and graphical representations. This resource for Texas educators provides practice problems across a wide range of question formats, including multistep problems, analytical charts and graphs, and griddable questions designed to demonstrate student understanding. With regular practice, test-taking anxiety can be reduced and students can build the following skills: express understanding of concepts, showcase mathematical thinking, generalize mathematical concepts, apply formulas and theories learned in the classroom to real-world problems, build problem-solving strategies, use multiple mathematics tools, and reflect on mathematical concepts learned. This must-have resource is perfect to help promote the use of skills needed for success in the 21st century.

Mathematizing Your School Nicki Newton 2018-09-27 Learn the secrets to getting your entire school excited about math! This book from acclaimed author Dr. Nicki Newton and experienced instructional specialist Janet Nuzzie shows you how to integrate engaging math instruction at every level, from the small group project to the school-wide assembly. With contributions from math coaches, district leaders, and classroom teachers, this book will give you the practical tools you need to boost student proficiency, encourage collaboration between staff members, and make math an important part of school life. You'll also learn how to: Create a safe and inviting environment for mathematics instruction; Devote adequate amounts of instructional time to help students develop their skill set as proficient

mathematicians; Use real-world contexts and hands-on instruction to boost engagement; Give students the tools and opportunities to be confident, to question, to take risks, and to make mistakes; And much much more!
