

Automatic Car Parking Project Without Using Microcontroller

Apr 3, 2026 · Adjective automatic (comparative more automatic, superlative most automatic) (superlative dubious) Capable of operating without external control or intervention. Automatic definition: Acting or operating in a manner essentially independent of external influence or control. spontaneous, impulsive, instinctive, automatic, mechanical mean acting or activated without deliberation. spontaneous implies lack of prompting and connotes naturalness. Acting or operating in a manner essentially independent of external influence or control: an automatic light switch; a budget deficit that triggered automatic spending cuts. Automatic, involuntary, spontaneous all mean not under the control of the will. That which is automatic,

however, is an invariable reaction to a fixed type of stimulus: The patella reflex is automatic.
