Social TV Mike Proulx 2012-01-26 The Internet didn't kill TV! It has become its best friend. Americans are watching more television than ever before, and we're engaging online at the same time we're tuning in. Social media has created a new and powerful "backchannel", fueling the renaissance of live broadcasts. Mobile and tablet devices allow us to watch and experience television whenever and wherever we want. And "connected TVs" blend web and television content into a unified big screen experience bringing us back into our living rooms. Social TV examines the changing (and complex) television landscape and helps brands navigate its many emerging and exciting marketing and advertising opportunities. Social TV topics include: Leveraging the "second screen" to drive synched and deeper brand engagement Using social ratings analytics tools to find and target lean-forward audiences Aligning brand messaging to content as it travels time-shifted across devices Determining the best strategy to approach marketing via connected TVs Employing addressable TV advertising to maximize content relevancy Testing and learning from the most cutting-edge emerging TV innovations The rise of one technology doesn't always mean the end of another. Discover how this convergence has created new marketing opportunities for your brand.

Patent Landscape Report on Assistive Devices and Technologies for Visually and Hearing Impaired Persons World Intellectual

Property Organization 2015-06-26 This is the first report of the WIPO Patent Landscape Report series in the area of disabilities. It presents research on various assistive devices and technologies, includes an analysis on the geographical distribution of patent protection of these technologies, and features business data on major patent portfolios as well as a round-up of key innovators. Additionally, the report touches on technologies serving the same goals as the Marrakesh Treaty and the Accessible Book Consortium (ABC), namely those facilitating access of visually and hearing impaired persons to published works.
