The Innovator's Field Guide Peter Skarzynski 2014-02-19 A step-by-step guide to successfully transforming any organization It is well recognized that succeeding at innovation is fundamental in today's hyper-competitive global marketplace. It is the only way to outperform current and emerging competitors sustainably. But what we call "innovation" is messy and difficult and too often lacks the rigor and discipline of other management processes. *The Innovator's Field Guide: Market Tested Methods and Frameworks to Help You Meet Your Innovation Challenges* changes that. It is a practical guide that moves beyond the "why" to the "how" of making innovation happen, for leaders and practitioners inside organizations of all sizes. Written by two pioneers in the field of embedding innovation in organization, *The Innovator's Field Guide* focuses on the most pressing innovation problems and specific challenges innovation leaders will face and offers concrete solutions, tools, and methods to overcome them. Each chapter describes a specific innovation challenge and details proven ways to address that challenge Includes practical ideas, techniques, and leading practices Describes common obstacles and offers practical solutions Any leader or professional who needs concrete solutions—right now—to the critical challenges of innovation will find invaluable aid in the practical, easy-to-understand, and market-tested approaches of *The Innovator's Field Guide*.

The Innovative Leader Paul Sloane 2007-06-03 "Good business leaders

create a vision, articulate the vision, passionately own the vision, and relentlessly drive it to completion." Jack Welch, former CEO, GE *The Innovative Leader* stresses the importance of innovation and creativity in modern business to help organizations secure competitive advantage over rivals. It shows how to apply the methods described to the individual, to others and to the organization. Author Paul Sloane demonstrates the importance of setting out your vision clearly and emphasizes the need for continual evaluation of the process. Numerous international examples illustrate how organizations such as Virgin, Body Shop, WPP and 3M have benefited from this approach, encouraging excellence and entrepreneurship through setting challenging goals to keep employees motivated and engaged.

Thinking Clockwise Dennis Stauffer 2005 A groundbreaking new leadership paradigm built with the raw materials of the life sciences and chaos theory.
