Managing Your Money Globe Fearon 2002-02
Making Decisions is a three-book program that teaches basic decision making and problem-solving skills relevant to the lives of adult learners. The program is designed for ABE learners reading at grade levels 3-6, and uses a basic, motivating approach that encourages them to think through their decisions. Innovative activities teach adult learners how to define problems and how to determine solutions in daily life, social interactions, money, and the workplace. The activities also provide learners with ample opportunities to apply practical math, language arts, and reading skills to a variety of compelling, real-life situations.

Central Banking Thammarak Moenjok 2014-10-13 Understand the theories and interpret the actions of modern central banks Central Banking takes a comprehensive look at the topic of central banking, and provides readers with an understanding and insights into the roles and functions of modern central banks in advanced as well as emerging economies, theories behind their thinking, and actual operations practices. The book takes a systematic approach to the topic, while providing an accessible format and style that is appropriate for general audiences and students with only a minimal macroeconomic background. Theoretical reviews and examples of how the theories are applied in practice are presented in an easy-to-understand manner and serve as a guide for readers to further investigate specific ancillary central banking topics and as a means to make informed judgments about central bank actions. Important topics covered in the book include: Evolution of central banking functions
