ACLS Study Guide - E-Book Barbara J Aehlert
2011-12-08 Reflecting the 2010 Emergency Cardiovascular Care guidelines, ACLS Study Guide, 4th Edition offers a complete, full-color overview of advanced cardiovascular life support. An easy-to-read approach covers everything from airway management and rhythms and their management to electrical therapy, acute coronary syndromes, and acute stroke. In addition to the latest ACLS treatment algorithms, this edition includes new case studies, new photos and illustrations, a heart

rate ruler, and a handy ACLS quick-reference card for use in the field. Written by Barbara Aehlert, ACLS Study Guide is the official textbook for the American Safety & Health Institute ACLS certification course. A pretest and posttest -- each containing 50 questions with answers and rationales -- allow you to check your knowledge prior to and after your study. Chapter objectives preview the main points in each chapter. Stop and Review sections at the end of the chapters help you remember the most important information. ACLS Pearls boxes offer key points and useful tips for clinical practice. Keeping it Simple boxes provide essential information in a clear and concise manner. Ten case studies present real-life clinical situations, allowing you to make decisions based on information in the Preparatory section. Consistent format of case studies includes Objective, Skills to Master, Rhythms to Master, Medications to Master, Related Text Chapters, Essential Actions, and Unacceptable Actions. A heart rate ruler is included to help you interpret ECGs. 4 x 6 pocket-size quick-reference card contains key ACLS algorithms for field use. 100 new and updated photos and illustrations show key ACLS procedures and equipment. Pharmacological interventions are integrated into the chapters for a more cohesive learning experience. New streamlined approach reduces the number of pages and simplifies the information you need to know.

A Practical Guide to Middle and Secondary Social Studies June R. Chapin 2007 Following

in the vein of her best-selling elementary book, June Chapin focuses on key topics that are critical to the teaching of social studies in the middle and secondary classrooms. This brief, practical book enables readers to concentrate on the crucial, relevant strategies and content to become effective social studies teachers who will be able to teach in a wide diversity of classrooms. The goal for the reader is to teach social studies creatively and thoughtfully so that their students become knowledgeable and responsible citizens acting on core values and beliefs.

Answers Academy Stacia McKeever 2005 This book contains leader's notes and discussion materials for the 13-part DVD-based curriculum featuring Ken Ham, Terry Mortenson, and Jason Lisle, which gives a broad overview of the nature of science, with special emphasis on introductory geology and astronomy.

Environmental Science (Speedy Study Guide) Speedy Publishing 2014-12-28 Learning about environmental science with the aid of a study guide helps kids to understand the environment and their place in it. Learning about subjects like climate and weather, the water cycle, environmental cleaning efforts and more gives kids an advantage in the sciences. Presenting important information in a straightforward and engaging way, environmental study guides can also help kids understand the importance of recycling, water conservation, alternative energy sources and cleanup.

Access to History: Europe and the Cold War 1945-1991: Second Edition David Williamson 2006-06-30 The new editions of Access to History combine all the strengths of this well-loved series with features that allow all students access to the content and study skills needed to achieve exam success. This title starts by examining the crucial events of 1944-7, which led to the break down of the Second World War alliance between the 'Big Three' and the onset of the Cold War. It shows how the Cold War shaped post-war Europe through the creation of two great military and economic blocs. Key events such as the Berlin blockade of 1948-9, the Hungarian revolt of 1956, the second Berlin crisis of 1958-61 and collapse of Communism

from 1989-91. In this new edition additional material on détente has been added. Throughout the book key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam style questions and tips for each examination board provide the opportunity to develop exam skills.
