*SimNet Mis* Triad Interactive 2002-12 SimNet MIS is a new computer-based tutorial program for the Management Information Systems course (MIS). It is based on McGraw-Hill's award-winning SimNet Xpert but has had 14 new features developed expressly for the MIS course. SimNet MIS is designed to work perfectly alongside any McGraw-Hill MIS textbook. When this valuable tool is used in conjunction with a MIS textbook, students benefit by having a learning device that allows them to practice and study their skills at home or in the school lab, at their own pace.

Duane R. Monette 2002

Presenting the methods of social science research within the context of human service practice, the Fifth Edition of APPLIED SOCIAL RESEARCH is ideal for courses emphasizing applied research in human services, sociology, social work, criminal justice, counseling, and community planning. In this revised edition, the authors show

research and human service practice as allies bound by common goals of advancing knowledge and creating a better world. Covering the full range of topics included in traditional social science research methods courses, the book devotes considerable attention to both qualitative and quantitative research methods. Used at the undergraduate and graduate levels, this popular text explores the growing diversity of ways in which research is applied to practice and the extensive links between research and practice.
