

A Practical Guide To Linux Command

If you say that a person is practical, you mean the person behaves in ways that relate more to the realities of the world than to ideas or desires: Practical refers to something that is focused on actual use or practice, rather than being abstract or theoretical. It involves or is concerned with actual application, use, or action. A stapler is a practical object — it has a use. A hand-crocheted stapler cozy designed to keep a stapler warm at night? Not practical at all. You describe people as practical when they make sensible decisions and deal effectively with problems. Practical refers to a person, idea, project, etc, as being more concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. PRACTICAL definition: of or relating
