And when he finally tracks down the deceitful princess, there will be a reckoning of passion and glory.... CLASH OF STORMS Malin wants none of such myths. Concorde Conspiracy Graham M Simons 2012-03-01 An innovation in aviation development, Concorde was the subject of political rivalry, deceit and treachery from its very inception. After their failure to be the first nation to develop a jet airliner for transatlantic flight or to send spacecraft into space, the US Government was adamant that they would beat other nations to the goal of supersonic flight and so development of the SST began. However, with McNamara and Shurcliff's negative attitudes to the project, it was soon killed off. Thus began the 'if we cannot do it, neither can you' attitude towards other countries' efforts for supersonic flight. This is the story of ten years of behind-the-scenes political intrigue, making use of inside information from two American presidents and the Federal Aviation Authority, as well as recently declassified papers from the CIA and President Kennedy on how the Americans planned to destroy Concorde and their own American SST. Lavishly illustrated with black and white and colour images throughout, Concorde Conspiracy is a must read for any enthusiast on supersonic flight and anyone who enjoys a real-life conspiracy.

Storm of Desire Bec McMaster 2018-01-23 The old eddas speak of dreki--fabled creatures that haunt the depths of Iceland's volcanoes and steal away fair maidens. Haakon wants none of such myths. For years he's searched for the beast that stole his wife, desperate to slay the golden dreki and rescue his precious Árja. He has sacrificed everything to find her--including his honor--but now Haakon knows the truth. His entire

marriage was a lie. The woman he knew as his wife was no victim, but the dreki herself. And when he finally tracks down the deceitful princess, there will be a reckoning of passion and glory... She came to him on a storm... Long ago, Árdís gave her heart to a mortal man, despite knowing it could only end in tragedy. When her clan summoned her home, she had no choice but to leave--or see her husband pitted against her vicious cousin, Sirius. When Sirius insists upon a betrothal that will help him gain the dreki throne, she is forced to flee--straight into the arms of the now-ruthless dragon hunter she once called husband. But can Haakon ever forgive her deceit? And can she save him from a spurned dreki prince who would see them both dead?

The Magic of Awareness Anam Thubten 2012-05-16 A Tibetan Buddhist teacher offers guidance on maintaining a state of awareness—demonstrating how enlightenment can be found at any time, in our everyday lives The paradox of awareness is very profound and yet very simple. It can't be described because it has no objective qualities and no limitation. Sometimes it comes naturally to the surface when we are fully in the present moment and no longer lost in thought or mental projections. Pure consciousness is neither high nor low, neither pleasant nor unpleasant, neither good nor bad. No matter where we are, no matter what we are doing, we always have an immediate access to that inner stillness. It can be experienced in an instant in all circumstances once we know how to pay attention to it. It is utterly peaceful and it is also insightful, so it sees through all illusions. Whenever there is a moment of being deluded, we can use that moment to practice settling in the very perfect sphere of the Buddha mind without trying to change anything. When we reside in that liberated mind, we find the very thing we have been seeking all along.
