Master's Theses and Doctoral Dissertations in the Pure and Applied Sciences 1967
Mysteries of Ancient South America Harold T. Wilkins 2000 The reprint of Wilkin's classic book on the megaliths and mysteries of South America. This book predates Wilkin's book *Secret Cities of Old South America* published in 1952. *Mysteries of Ancient South America* was first published in 1947 and is considered a classic book of its kind. With diagrams, photographs and maps, Wilkins digs into old manuscripts and books to bring us some truly amazing stories of South America: a bizarre subterranean tunnel system; lost cities in the remote border jungles of Brazil; legends of Atlantis in South America; cataclysmic changes that shaped South America; and other strange stories from one of the world's greatest

researchers.

The Return of the Serpents of Wisdom Mark Amaru Pinkham 1997-09 According to ancient records, the patriarchs and founders of the early civilisations in Egypt, India, China, Peru, Mesopotamia, Britain and the Americas were colonised by the Serpents of Wisdom who arrived in these lands after abandoning their beloved homelands and crossing great seas. While bearing names denoting snake or dragon, these Serpents of Wisdom oversaw the construction of magnificent civilisations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions. This book recounts the history of these 'Serpents' and why they are returning now.
